

KRAFTER

Monoshaft slitter with a separate unwinding station

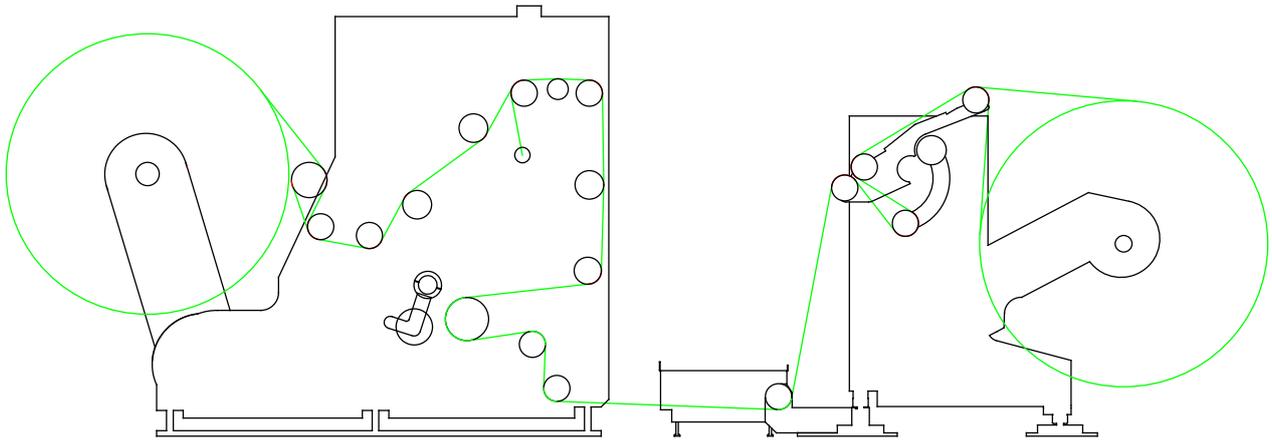

High performance machines for slitting and rewinding paper, cardboard, non-woven materials

- Robust, heavy duty construction
- Advanced software solutions
- Precise tension control
- Automatic knife setting
- Automatic pulling of the web
- Various handling solutions

| | | | |
|------------------------|-------------|-----------------------------|-------------|
| Web width | 1000/1600mm | Unwind roll diameter | 1300/1500mm |
| Min. web width | 300mm | Unwind roll weight | 2500kg |
| Min. slit width | 50mm | Rewind roll diameter | 1300mm |
| Speed | 800m/min | Core roll diameter | 3" / 6" |

Processed materials: paper, cardboard, non-woven

KRAFTER is a heavy duty monoshaft slitter designed to slit paper, cardboard or non-woven. The conjunction of local engineering and high class German components has resulted in outstanding performance. Moreover, the robust mechanical construction combined with modern automation solutions allows to work effectively over the years..

AVAILABLE EQUIPMENT:

- 1 rewinding shaft
- Separate unwind station
- Supported shaftless unwind
- Eco-friendly built, incl. reduction of overall energy consumption
- Parent roll lifting
- Pneumatic splicing table to join the material behind unwind station
- Automatic pulling of the web towards rewinding shaft
- Web guiding system
- Automatic setting of rotary knives
- Touch screen panel with memory
- Inbuilt trim vacuum system
- Automatic unloading on a trolley
